A VERY SPACIOUS STEEL CRUISER. AN IDEAL LIVE ABOARD

The Company normally acts as broker for the vendors who unless otherwise stated is not selling in the course of a business. Whilst every care has been taken in the preparation of these particulars the correctness is not guaranteed and they are intended as a guide only and do not constitute a part of any contract. A prospective buyer is strongly advised to check these particulars and at his own expense to employ a qualified marine surveyor to carry out a survey and / or to have an engine trial conducted by us shall not imply any liability on our part.

Accommodation:

Buoni Amici (Good Friend), is a very spacious steel cruiser with a lovely open space feel to her. She is well presented but could do with some external paint work in places, this is expected though with any steel vessel. Buoni Amici represents a lot of boat for the money. She would also make an ideal live aboard.

Access is gained via the port side, Stb side or stern. The side decks are wide and feel extremely safe thanks to the high side rails. The stern ladder leads up to the large aft deck which has the patio furniture laid out on it.

Steps lead up from the aft deck to the upper helm station. This is basic, but functional.

The Stb side door leads into the lovely galley and lower helm station.

The galley is fitted with a full-sized oven and hob, large fridge with a small freezer, microwave oven, stainless steel sink with mixer tap, ample storage and work surface. (Engine access under galley floor).

The lower helm station is Stb side and fitted with a Standard Horizon VHF radio, AdvanSea plotter, Raymarine depth sounder, bow thruster and stern thruster.

You then step down into the open plan saloon.

There are two large sofa which double up as beds and a large dinette which also doubles up as beds too. There's storage built into the steps and under the seats. The saloon is light and airy thanks to the number of large windows. The saloon was reupholstered within the last 18mths and is in good condition.

Moving aft. You step down in to the lovely master cabin.

This benefits from a full size, centre island bed with built in bed side cabinets, storage cupboard, reading lights Samsung TV.

The master cabin has a walk-in shower room with manual sea toilet to holding tank, round glass hand basin over vanity unit, large shower cubical and opening port holes.

Inventory:

Navigation lights, VHF radio, speed log, depth sounder compass, barometer, Radio/CD player, 2x TV's. Bow thruster, stern thruster, diesel warm air heating, 2x electric blower heaters and Air Con, 240v shore support, generator, battery charger, galvanic isolator.
